

WOMEN WHO CODE DC

@WOMENWHOCODEDC

1. DOWNLOAD GIT: Go to <http://git-scm.com/> and download the latest source release (it will be down on the right). Install it on your computer.

WINDOWS: WHICH FLAGS DO I USE??? Make sure you say 'yes' for Unix commands.

2. SIGN UP FOR GITHUB: Go to <https://github.com/> and sign up for a free account. You're ready to get started!

3. PRACTICE MAKES PERFECT: <https://try.github.io/>
